

YOUTH MENTAL HEALTH FIRST AID COURSE

**Learn skills and gain confidence
to assist young people experiencing
mental health problems.**

Mental illnesses often start in adolescence or early adulthood and it is important to detect problems early to ensure the young person is properly treated and supported. The YMHFA course teaches adults who have frequent contact with adolescents, such as parents, guardians, school staff, sport coaches and youth workers, how to assist adolescents who are developing a mental health problem, experiencing a worsening of a mental health problem or in a mental health crisis.
